

Company Profile

Who We are

A Brief Story About The Company

Plastic waste is one of the most pressing environmental challenges of our time. Nigeria generates over 2.5 million tonnes of plastic annually, but about 6% is recycled. The rest ends up in landfills, drainages, and water bodies, fueling flooding, destroying ecosystems, and threatening human health.

At Eco Planet Recovery Limited, we are rewriting this story.

Founded in 2023, we are an **impact-driven recycling company** based in Gudaba, Kuje Abuja. We transform PET and PP plastic waste into reusable raw materials, driving Nigeria toward a circular economy while creating **green jobs for women and youth** in marginalized communities.

Ecoplanet Recovery is more than a recycler; we are a movement for environmental justice, resource efficiency, and inclusive growth.

Our Mission & Vision

Our Mission

To eliminate plastic pollution in Nigeria and Africa by transforming waste into resources while creating dignified livelihoods for marginalized groups.

Our Vision

To be Africa's leading hub for recycling and circular economy innovation—where plastic waste becomes a driver of sustainability, prosperity, and resilience.

Our Core Values

- Sustainability
- Innovation
- Integrity
- Community Empowerment
- Circularity and Transparency

03

Our Solutions

We close the loop on plastic waste through:

- **Plastic Collection & Aggregation**

Mobilizing communities, women, and youth to recover plastics from households, markets, and waterways.

- **Recycling & Processing**

Sorting, baling, shredding, and pelletizing PET and PP plastics into high-quality flakes and pellets.

- **Industrial Supply**

Providing reliable raw materials to manufacturing industries in packaging, textiles, and construction.

- **Future Upcycling (2026)**

Launching eco-friendly consumer products fibers, tote bags, sustainable packaging to reduce virgin plastic dependence.

- **Plastic Credits & Advisory**

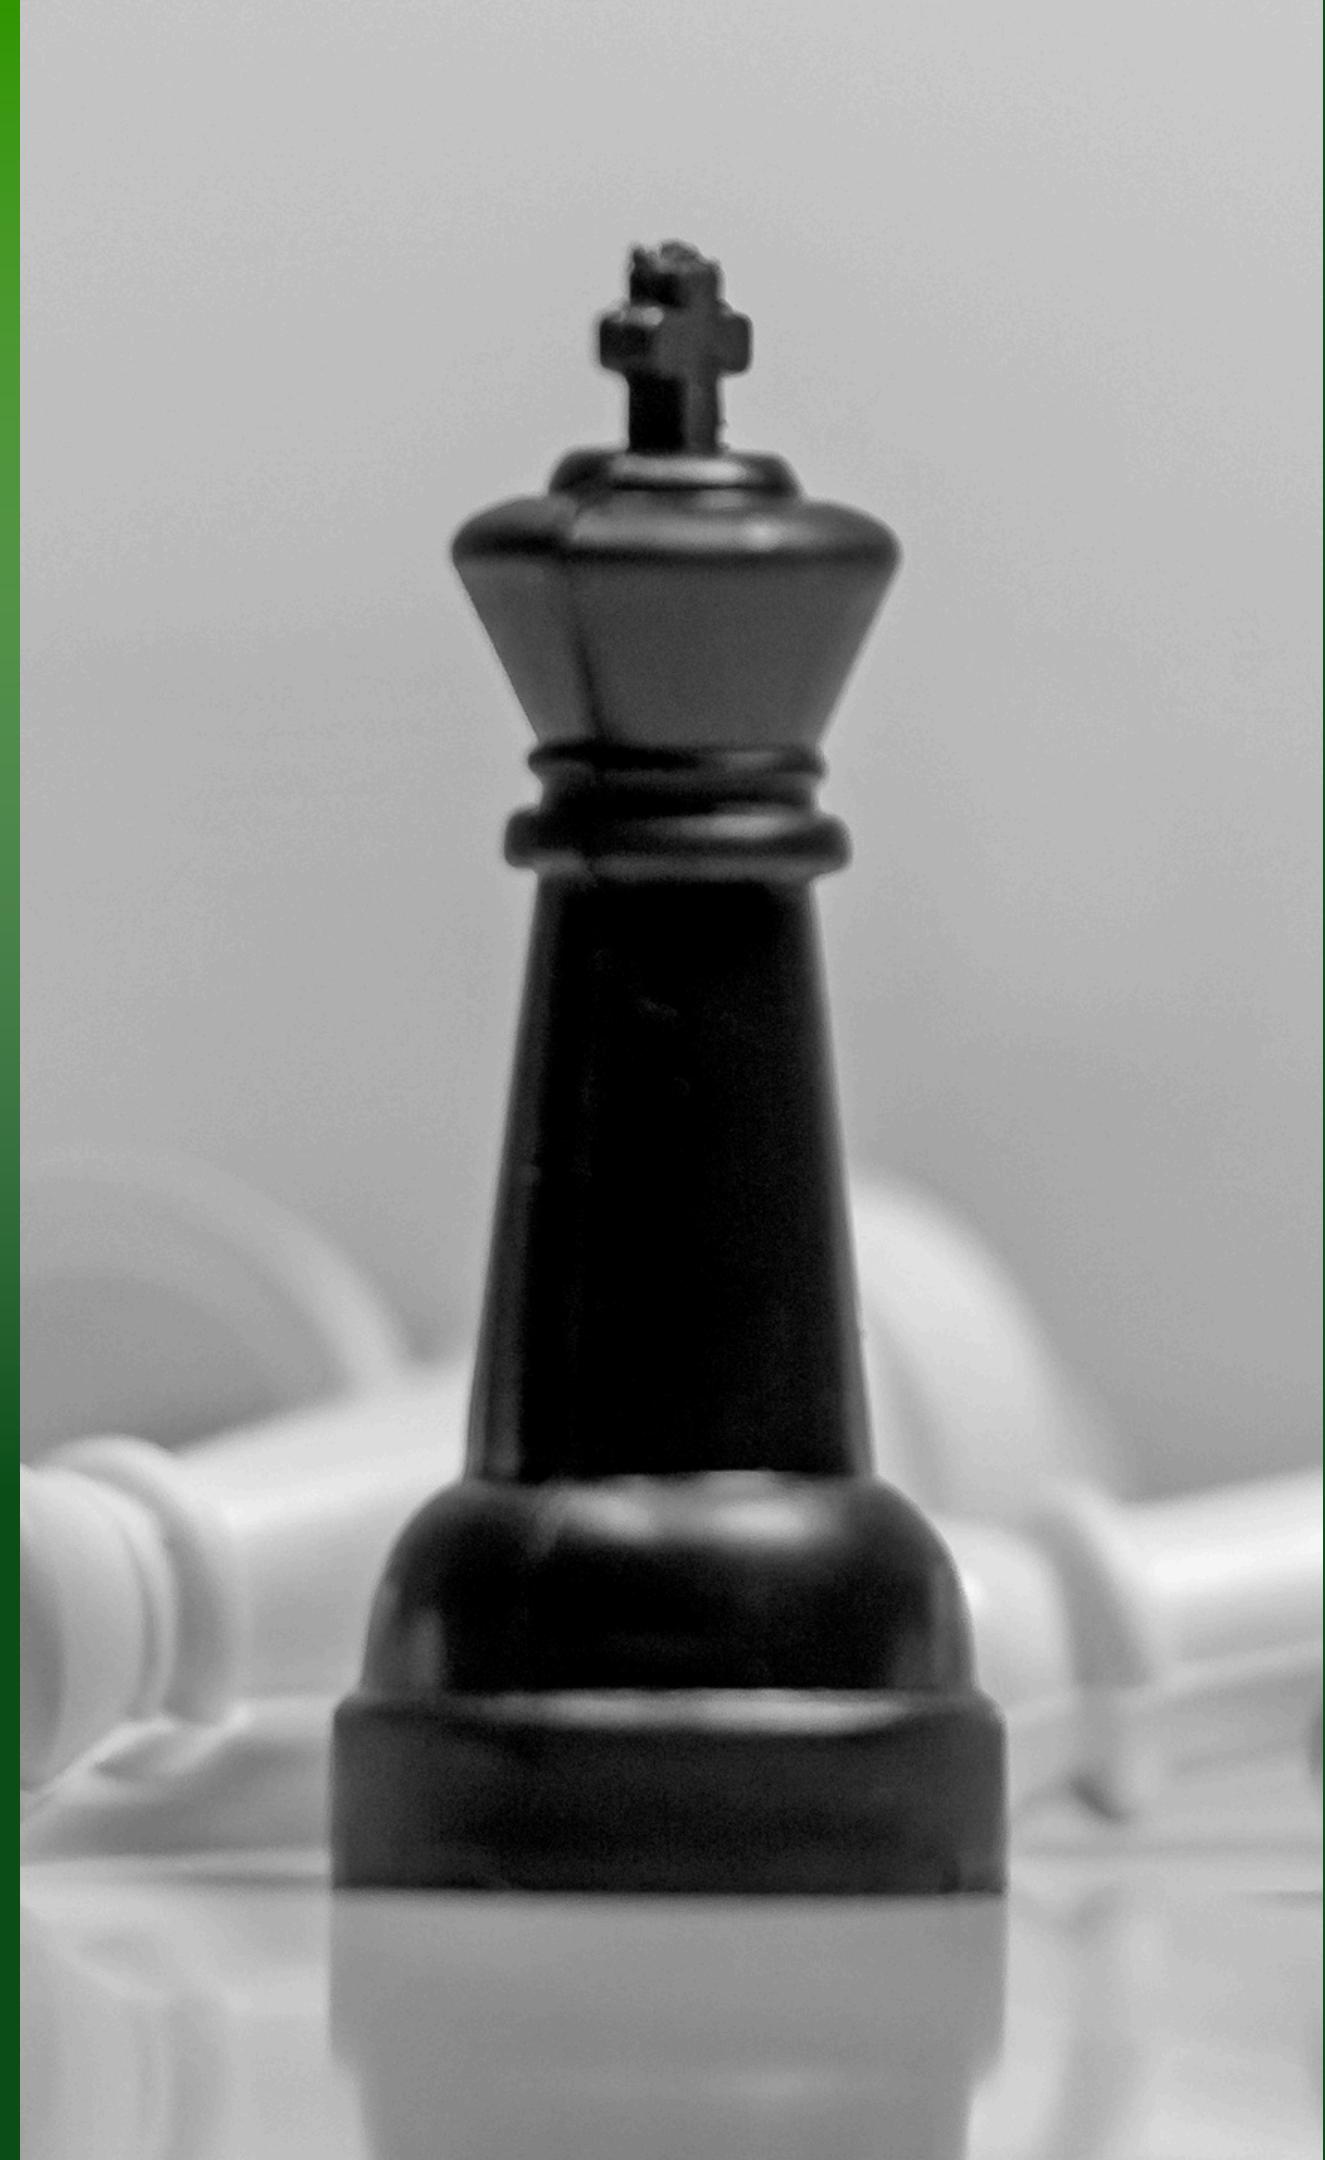

Helping FMCGs, corporates, and development partners achieve their ESG, EPR, and SDG targets by offsetting plastic footprints.

Our Competitive Edge

- 70% of our workforce are women from marginalized communities.
- Recycling capacity: **200MT/month.**
- Operating from Kuje, **a marginalized community in Abuja** making our work a blend of environmental action and social inclusion.
- Alignment with **SDGs 5, 8, 12, 13, and 15.**

05

Impact Snapshot

- **200 MT/month** of plastic waste recovered and recycled.
- **70% women employees** empowered through dignified green jobs.
- **Dozens of youth** trained and integrated into circular economy value chains.
- **Environmental justice for Gudaba**—reducing waste pollution in an underserved area.
- **Contribution to carbon reduction & plastic credits** for corporate partners.

Our Clients & Collaborations

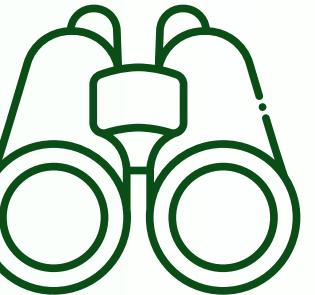

We are proud to supply and collaborate with some of Nigeria's leading recycling stakeholders, driving innovation and sustainability across the value chain. Our commitment extends beyond providing solutions as we actively build and nurture strong partnerships with FMCGs, government agencies, NGOs, and sustainability platforms.

Through these collaborations, we aim to expand our reach, amplify our impact, and create lasting value for the environment, businesses, and communities. By working hand in hand with these key players, we continue to champion a circular economy and accelerate Nigeria's journey towards a cleaner, greener, and more sustainable future.

07

Future Outlook & Scalability

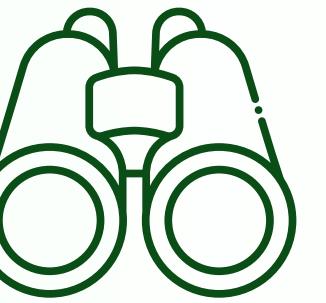

- **Scale Capacity:** 300MT by Q1 in 2026
- **Launch Upcycling Line:** Eco-friendly products like fibers, tote bags, and packaging.
- **Plastic Credits Platform:** Offer measurable, verifiable offsets for FMCGs and corporates.
- **Regional Expansion:** From Nigeria to Africa and beyond, global exports begin Q1 2026.
- **Innovation Hub:** Establish a training and research center for women and youth in circular economy.

08

Why Partner With Us

- Proven market traction and supply reliability.
- Strong community-driven model empowering women and youth.
- Alignment with ESG & EPR goals of global FMCGs.
- Positioned as a thought leader in Nigeria's recycling sector.
